Conjectural sketch of Construction of plinth based on the construction materials identified from the facade.

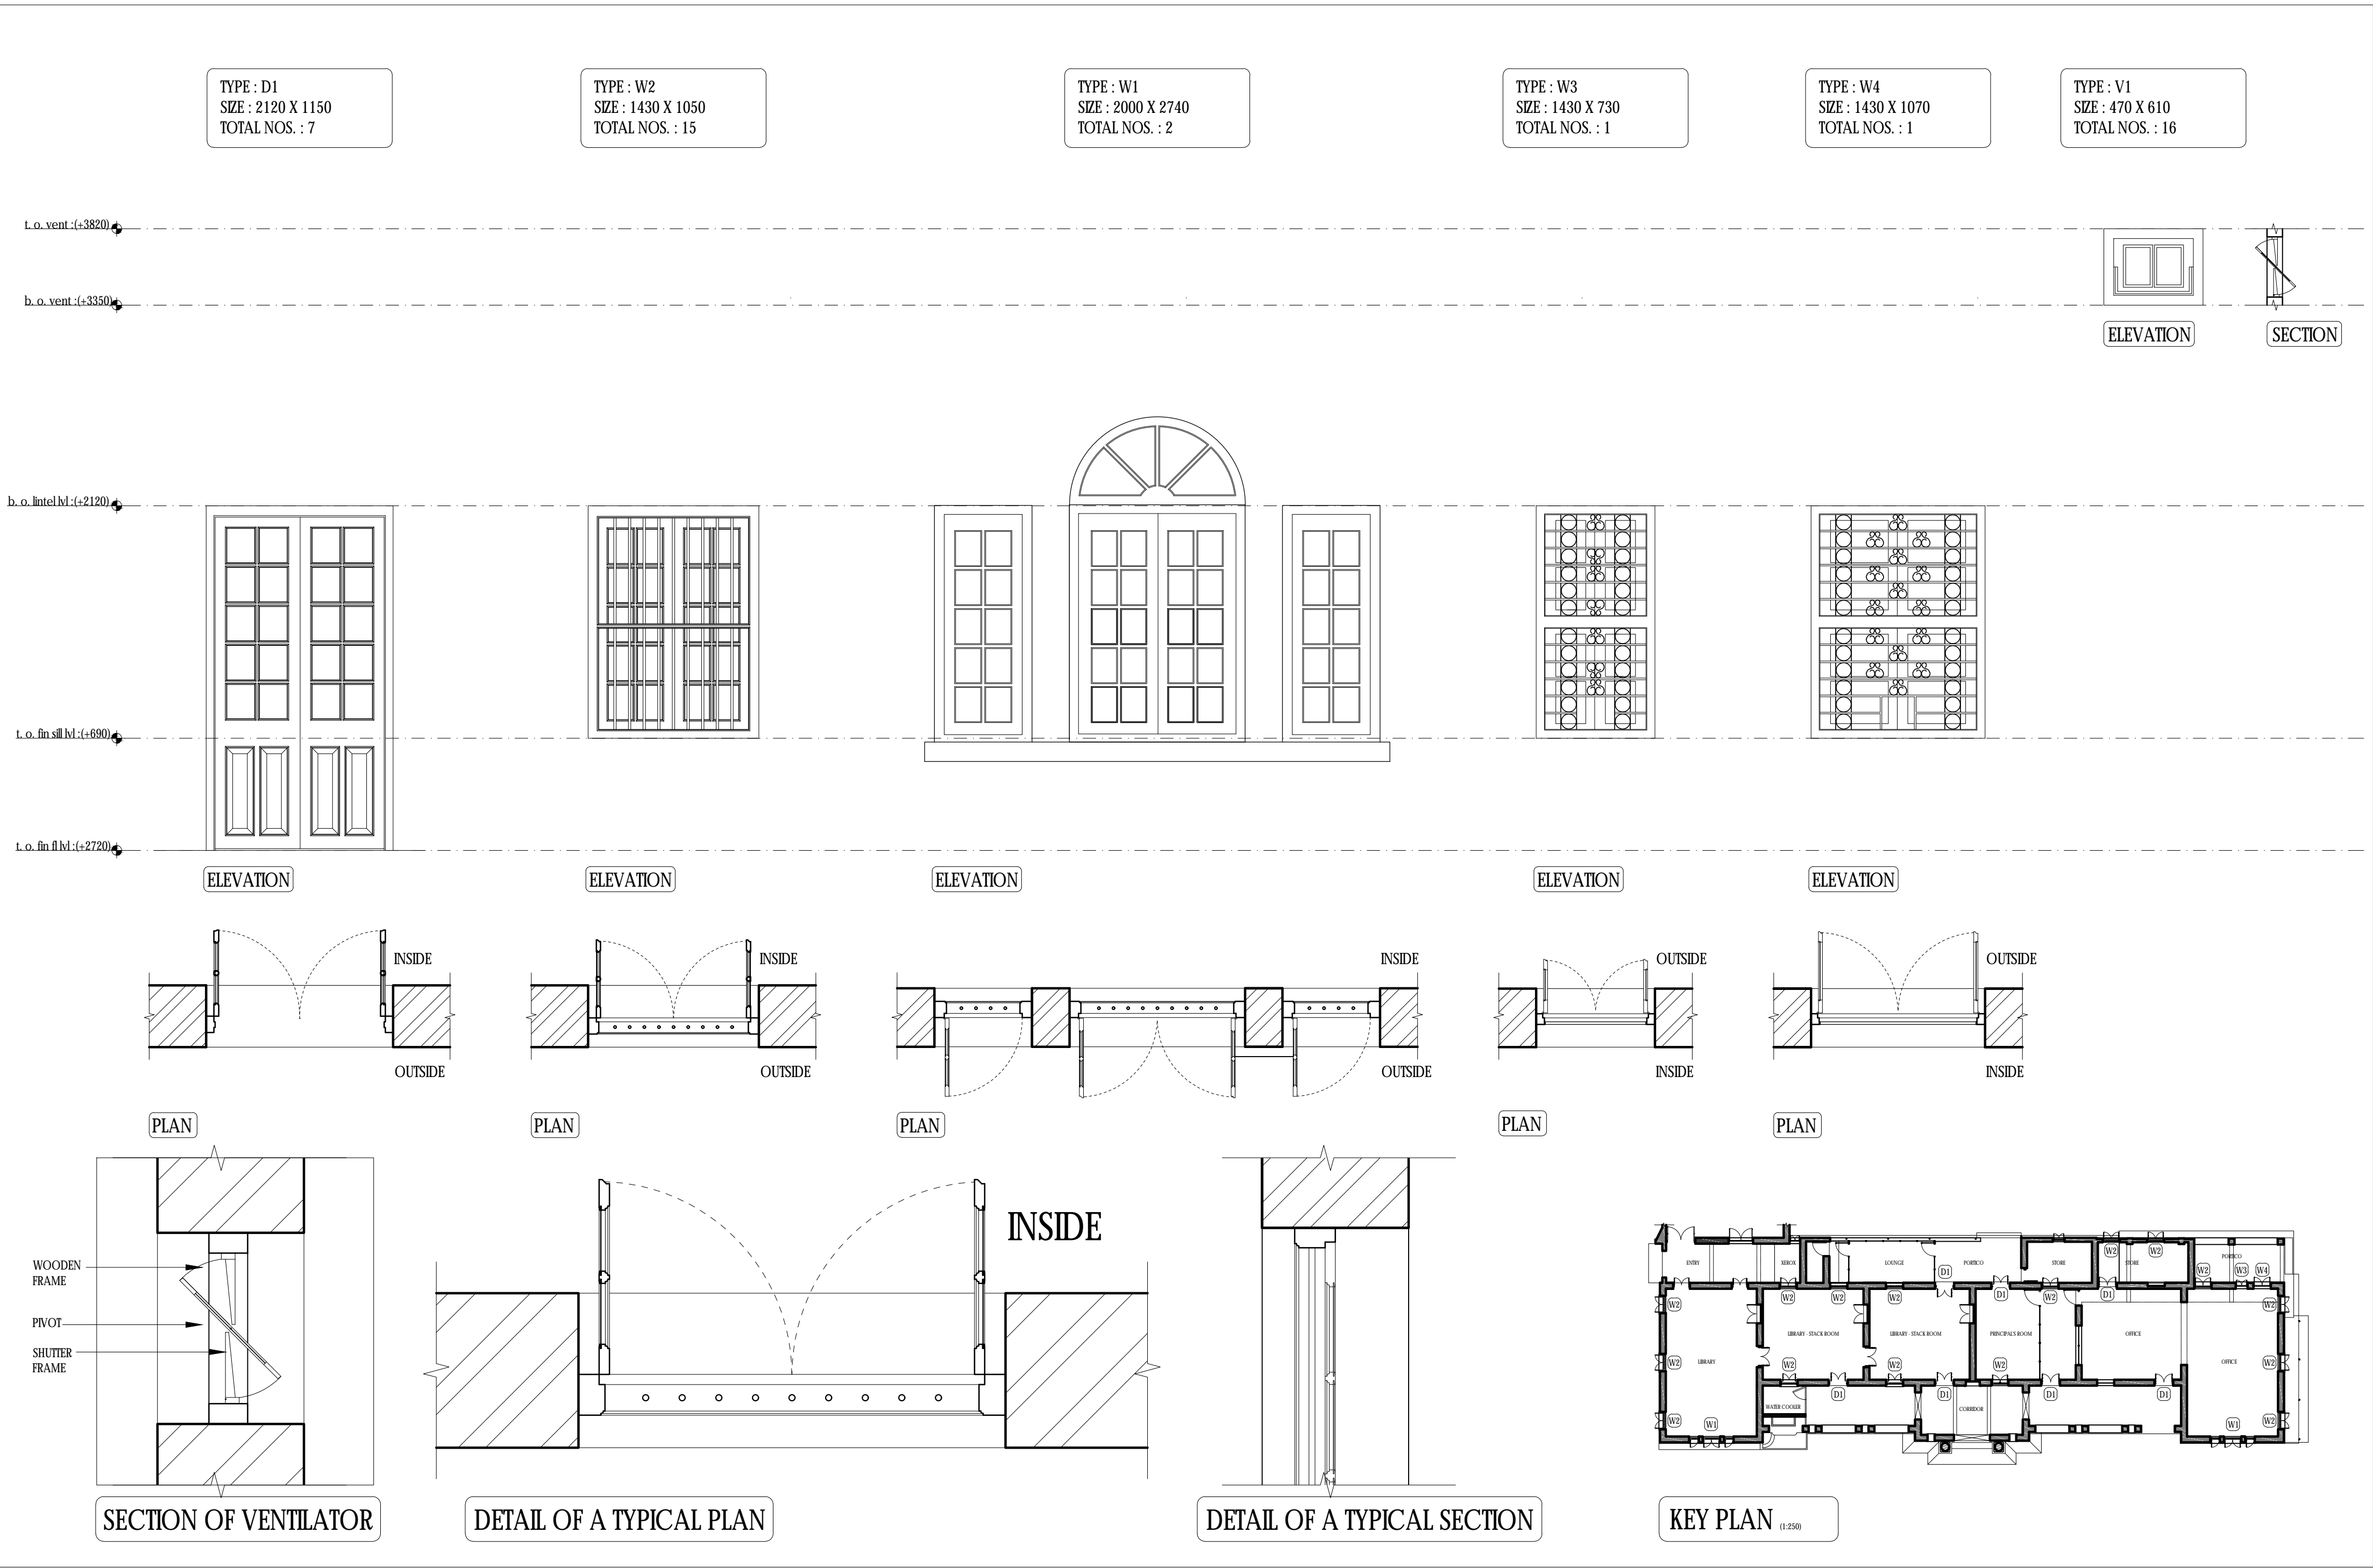

SECTION AA'

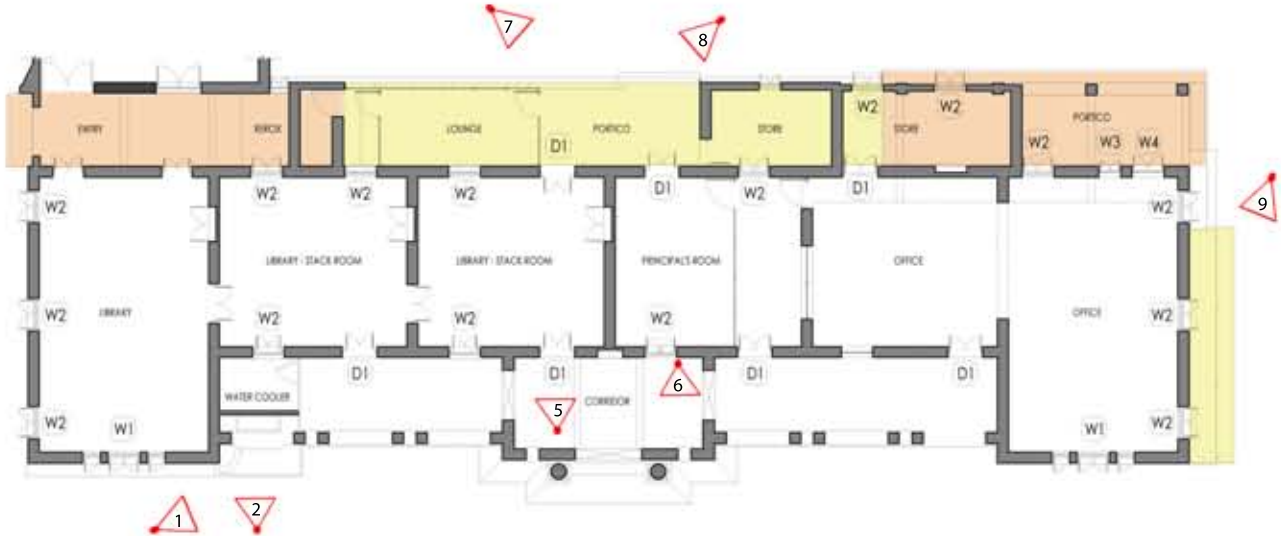

DETAIL C

At the time of documentation there was a false ceiling cover below the hipped roof and hence the actual structure of the hipped roof could not be identified. On interviewing the occupants it was found that the false ceiling was construct about three years before the documentation date (i.e. in 2013) The detail above is a conjectural sketch of the roof structure based on the description given by the occupants.
